

**Design Space**

**design concepts**

privacy      continuity      enclosure      [*building codes*]

**QSA**

facing      positioning      visibility      proximity      sequences

characterization

**Quality Space**

**qualitative spatial relations**

orientation      topology      distance

**spatial ontology**

centroid      point      directed point      extended region      line

qualification

**Quantity Space**

**geometric features**

structural geometry      artefactual geometry
